HIGHLIGHTS OF THE TOUR :

Australia is a land of dreams. From the sacred legends of the aboriginal Dreamtime, when the great spirits conjured the coral reefs, rainforests, and scorched red deserts, to armchair travelers who describe Australia as their dream destination, the Land Down Under deserves all the hype. The world's smallest continent and largest island, Australia is almost the same size as the United States but with a population the size of New York State and some of the quirkiest wildlife on the planet.

Day1: Sydney Opera House

Today, you can enjoy a performance here; dine at one of the restaurants; or take a tour of the building, which encompasses theaters, studios, a concert hall, exhibition rooms, and a cinema. But it's far more impressive viewed from a distance. One of the best sites to photograph the Opera House is Mrs Macquarie's Chair in the Royal Botanic Gardens, or you can hop aboard a harbor cruise or ferry for yet another picturesque perspective.

Meals:Breakfast,Lunch & Dinner

Day2: Melbourne

Melbourne, Australia's second largest city, is a popular stop on many Australian itineraries - especially for culture vultures. Galleries, theaters, restaurants, shops, and its distinctly European feel are the main draws of this sophisticated city on the Yarra River. It's also a green city, with parks, gardens, and open spaces occupying almost a third of its total area. Highlights of the city include the Royal Botanic Gardens; Federation Square

Day3: Daintree National Park

A Wet Tropics World Heritage Area, Daintree National Park in Far North Queensland is among the most ancient ecosystems on Earth. The area belongs to the Eastern Kuku Yalanji Aboriginal people, and many of its natural features hold great spiritual significance. The park encompasses two main sections: Mossman Gorge, where crystal clear waters gush over granite boulders, and Cape Tribulation, one of the most beautiful places to visit in Australia.

Meals: Breakfast, Lunch & Dinner

Day4: Kakadu National Park

Kakadu National Park, in the Top End or the Northern Territory, is a World Heritage Site and one of the planet's great wilderness areas. Covering more than 19,840 square kilometers, Kakadu is the largest national park in Australia and the second largest in the world. Within its borders lie monsoon rainforests, mangrove swamps, rivers, gorges, ancient rock paintings, wetlands, and waterfalls, as well as an astounding diversity of wildlife.

Meals: Breakfast, Lunch & Dinner

Day5: Cradle Mountain-Lake St. Clair National Park

Cradle Mountain-Lake St. Clair National Park is a national tourism treasure and a nirvana for nature lovers. Sparkling lakes, serrated dolerite peaks, alpine heathland, and dense forests characterize the raw, glacier-carved wilderness here, and 1,616-meter Mount Ossa is one of the park's most distinctive features and the highest point in Tasmania.
